GAME IS ORDERED TO BE PLAYED OVER

Baseball Directors Give Decision on Dispute Between North End and Fort.

NEXSEN ENTERS PROTEST TO SECOND CONTEST

At Meeting of the Heads of Peninsula League Discussion Becomes Heated Over Decision Made Last Saturday and Decide There Was no Game.

The board of directors of the Peninsula Baseball League last night unanimously decided that the Newport News North Enders and the Fort Monroe Artillerymen must play the game of last Saturday over as the result of a wrong decision given by Umpire Charles O'Rourke.

The game was won by the North Enders by the score of 3 to 0, but the Fort Monroe manager protested on the ground that Umpire O'Rourke erred in calling Derrish out on an infield fly.

Mr. O'Rourke appeared before the meeting and very straightforwardly and without hesitation acknowledged that he was in error and further asserted that Derrish was not out.

The discussion that followed the statement from Mr. O'Rourke was interesting in the fact that although at least eight men endeavored to explain just how the disputed play was made, not a single one could agree with the other as to the facts. No two men gave the same version, although each of the gentlemen declared that he meant no reflection on the other in explaining just how he thought the play actually occurred.

Umpires Glachetti and O'Rourke told how they saw; C. A. Jenken explained his version; Emmett Milstead said how it looked to him; Capt. Bunker explained the play as he saw, as did also Manager Gray, and Tony Monroe, of Fort Monroe, and Manager Nexsen and Richardson, of the North Enders.

Was Misunderstanding.

It was finally agreed that Tony Monroe was put out at second, but that O'Rourke was wrong in calling Derrish out at first, when only one man was down. This was the admission from Mr. O'Rourke, who said that the misinterpretation of the rule was due to the word "and," which he had construed "or."

Manager Gray contended that the Artillerymen wanted to play the game over and Manager Nexsen advocated the awarding of the game to the North Enders.

Finally Mr. Milstead, after declaring that under the statement from Mr. O'Rourke there was no other way out of the matter, offered a resolution that the game be declared "no game and that the teams be forced to play it over." This resolution was unanimously adopted. Capt. Darling said that he intends to support the umpires on questions of "judgment," but will always vote to uphold the rules when he is convinced that a rule has been broken.

When the decision of the directors was announced, Manager Nexsen, of the North Enders, declared with some heat, that his team will not play the game over with Fort Monroe, and added that "we will give the game to them."

Capt. Darling remarked that he thought the statement from Mr. Nexsen was "unsportsmanlike" and expressed the opinion that any team in the league would have entered a protest under the same circumstances.

surrounding the game of last Saturday.

After the meeting adjourned Manager Nexsen stated to the Daily Press representative that he is fully determined not to play the game over, so unless he does it is possible that the directors will have to award the game to Fort Monroe for a forfeit.

More Pay for Umpires.
A letter was read by Secretary J. S. Holmes from the corps of umpires asking that the pay of the umpires be changed so as to read "that the umpire in chief shall receive \$2.50 per game and the assistant umpire \$2.00, but that neither umpire shall have his transportation furnished him." The request meeting with the approval of the managers of the teams the directors decided to give the "umps" the extra pay.

Another letter was read from the national baseball commission declining to grant the league's request for protection under the commission. It was pointed out that the national commission cannot extend its authority to leagues playing only one game each week.

President Frank W. Darling was in the chair, Secretary Holmes at the desk and Messrs Milstead and Jenken were present as directors, while the team managers in attendance were Nexsen, of North End; Gray, of Fort Monroe; Blanford, of the Athletics, and McAllister, of the Hampton Crabs. Umpires Glachetti, Cunningham and O'Rourke and a number of the players from several of the teams were also present.

Manager Gray, of the Fort team, complained that he thought the Newport News papers were not giving his team a fair report of the games and that the Fort Monroe artillerymen thought the same thing.

Report is Made on Hampton School Census.

19 UNTUTORED NEGROES

Work of City Enumerators Shows Total Number of Children of School Age at 1,417—Astonishing Results Are Given by the Returns.

According to the official reports there is not a white child in the city of Hampton and only nineteen negro children between the ages of ten and nineteen years who cannot read and write. This result was demonstrated by the taking of the school census, which was completed yesterday and which probably speaks in higher terms than any other means of the splendid educational advantages this section offers to the children of both races.

The census work was finished yesterday by C. W. Hickman, who found that there are 1,417 children of the school ages in the city, of which 844 are whites and 570 colored.

Under the laws the census taker must ascertain the educational advantages of the children and Mr. Hickman's report shows that there is not a white child who cannot read and write his or her own name. Of the negro population the report is even more astonishing as it demonstrates that only nineteen are unable to read and write. Of these nineteen four are male and fifteen females, while it is believed that several of the illiterate children only recently removed here.

The school population shows a great increase over the last one, as since that time Hampton has been converted from a town to a city of the second class.

Summoned to Court.

Officer R. D. Hope yesterday summoned Richard Hodier, Joe Cunningham, Frank House, Arthur Dobbins, Pat Combes and John Taltierro to appear in the police court this morning to answer to the charge of disorderly conduct. The men are alleged to have "had a good time" in Pee Dee Tuesday night.

Mr. Wyatt a Graduate.

Mr. H. Stanley Wyatt's name was inadvertently omitted from the list of graduates of the Hampton High school published yesterday. He is an honor graduate, having been exempt from all examinations on account of high grade work during the term.

Miss Rowe Very Ill.

Mr. and Mrs. T. J. Rowe are in Richmond with their daughter, Miss Anne Rowe, who was taken ill while enroute to Hampton from the State Female Normal school, at Farmville, where she graduated. Reports from Richmond yesterday were to the effect that Miss Rowe is extremely ill.
